WALL MOUNT RACKS

SS SERIES

Wall Mount Racks SS Series

MODULAR
RACK SYSTEMS PVT LTD

PRODUCT SUMMARY

CERTIFIED

MRS offers a versatile range of single section wall mount racks to suit small secured network requirements.

Wall mount racks are the ideal solution where the floor space is a limitation, typical networking equipment like rotors, switches, patch panels, etc. are well accommodated in the rack.

MRS single section wall mount racks are fabricated out of C.R.C.A Steel Sheet CNC programmed, punched, bent, welded and powder coated with the highest quality under confirming Industrial, ISO 9001-2015 and 14001-2015 Standards. Manufacturing and qualify management systems to ensure the highest quality product.

MRS single section wall mount racks are welded frame integrated with side panel / removable side panel, vented top cover with 2 fans and cable entry provision, bottom cover with ventilation and cable entry provision

associated with front toughened glass door along with lock and key and provision to mount on the wall.

MRS single section wall mount racks are available from 4 U to 15 U variants with 400, 500, and 600mm deep configuration.

Product Features

- Conforms to DIN 41494 OR equivalent ISO Standard.
- Adjustable 4 nos. 19" angles with punched 10mm square holes and universal 12.7mm. 15.875. Alternating holes format offers for better mounting flexibility and maximizes usable mounting space.
- Depth adjustable mounting slots.
- Precision engineering capabilities and best efficient software configuration product technology provide the best product quality and fastest delivery in the industry.
- Top and bottom Panel with ventilation and cable entry facility.
- Provision to mount the cooling fans on the top panel.
- Powder coated finish with 7 Tank pretreatment process meeting ASTM standards.
- 100% assured compatibility with all equipment conforming to DIN 41494 (General industrial standard for equipment).

Optional Accessories:
Grounding & Bonding Kit, Power Distribution Box, Instrument Cooling Fans, Cable Manager (Loop / Channel) Cantilever Shelves 250mm.

WALL MOUNT RACKS

SS SERIES

Wall Mount Racks - MRS-SS-5545-06U

MODULAR
RACK SYSTEMS PVT LTD

PRODUCT SUMMARY

CERTIFIED

MRS offers a versatile range of single section wall mount racks to suit small secured network requirements.

Wall mount racks are the ideal solution where the floor space is a limitation, typical networking equipment like rotors, switches, patch panels, etc. are well accommodated in the rack.

MRS single section wall mount racks are fabricated out of C.R.C.A Steel Sheet CNC programmed, punched, bent, welded and powder coated with the highest quality under confirming Industrial, ISO 9001-2015 and 14001-2015 Standards. Manufacturing and qualify management systems to ensure the highest quality product.

MRS single section wall mount racks are welded frame integrated with side panel / removable side panel, vented top cover with 2 fans and cable entry provision, bottom cover with ventilation and cable entry provision

associated with front toughened glass door along with lock and key and provision to mount on the wall.

MRS single section wall mount racks are available from 4 U to 15 U variants with 400, 500, and 600mm deep configuration.

Product Features

- Conforms to DIN 41494 OR equivalent ISO Standard.
- Adjustable 4 nos. 19" angles with punched 10mm square holes and universal 12.7mm. 15.875. Alternating holes format offers for better mounting flexibility and maximizes usable mounting space.
- Depth adjustable mounting slots.
- Precision engineering capabilities and best efficient software configuration product technology provide the best product quality and fastest delivery in the industry.
- Top and bottom Panel with ventilation and cable entry facility.
- Provision to mount the cooling fans on the top panel.
- Powder coated finish with 7 Tank pretreatment process meeting ASTM standards.
- 100% assured compatibility with all equipment conforming to DIN 41494 (General industrial standard for equipment).

Optional Accessories:

Grounding & Bonding Kit, Power Distribution Box, Instrument Cooling Fans, Cable Manager (Loop / Channel) Cantilever Shelves 250mm.

WALL MOUNT RACKS

SS SERIES

Wall Mount Racks - MRS-SS-5550-12U

MODULAR
RACK SYSTEMS PVT LTD

PRODUCT SUMMARY

CERTIFIED

MRS offers a versatile range of single section wall mount racks to suit small secured network requirements.

Wall mount racks are the ideal solution where the floor space is a limitation, typical networking equipment like rotors, switches, patch panels, etc. are well accommodated in the rack.

MRS single section wall mount racks are fabricated out of C.R.C.A Steel Sheet CNC programmed, punched, bent, welded and powder coated with the highest quality under confirming Industrial, ISO 9001-2015 and 14001-2015 Standards. Manufacturing and qualify management systems to ensure the highest quality product.

MRS single section wall mount racks are welded frame integrated with side panel / removable side panel, vented top cover with 2 fans and cable entry provision, bottom cover with ventilation and cable entry provision

associated with front toughened glass door along with lock and key and provision to mount on the wall.

MRS single section wall mount racks are available from 4 U to 15 U variants with 400, 500, and 600mm deep configuration.

Product Features

- Conforms to DIN 41494 OR equivalent ISO Standard.
- Adjustable 4 nos. 19" angles with punched 10mm square holes and universal 12.7mm. 15.875. Alternating holes format offers for better mounting flexibility and maximizes usable mounting space.
- Depth adjustable mounting slots.
- Precision engineering capabilities and best efficient software configuration product technology provide the best product quality and fastest delivery in the industry.
- Top and bottom Panel with ventilation and cable entry facility.
- Provision to mount the cooling fans on the top panel.
- Powder coated finish with 7 Tank pretreatment process meeting ASTM standards.
- 100% assured compatibility with all equipment conforming to DIN 41494 (General industrial standard for equipment).

Optional Accessories:

Grounding & Bonding Kit, Power Distribution Box, Instrument Cooling Fans, Cable Manager (Loop / Channel) Cantilever Shelves 250mm.

Technical Data

BASIC FRAME	C.R.C.A Steel Sheet
CONSTRUCTION	Welded
SIDE PANELS	Integrated with top and bottom covers or (Removable type-on-request)
TOP AND BOTTOM PANEL	Vented with fan and cable entry provision
FRONT DOOR	Lockable toughened glass door with ventilation
STANDARD MOUNTING	DIN 41494 10mm. square slot
STANDARD FINISH	Powder Coating
STANDARD COLOR	Dark Grey and Light Grey or Black
STATIC LOAD	40 Kgs
